cloudCheck tablet

SIMPLE, FLEXIBLE SELF-SERVICE

Designed to complement your existing self-checkout service, cloudCheck tablet is a small, streamlined self-service solution with maximum flexibility.

The cloud-based nature of cloudCheck tablet ensures that the solution is always up to date, reliable, and secure.

With plug-and-play wireless setup and automatic updates, libraries can easily expand their borrowing stations and improve service without worrying about high costs.

PLUG-AND-PLAY WIRELESS SETUP	CLOUD BASED ANDROID SOFTWARE WITH AUTOMATIC UPDATES	SMALL FOOTPRINT	BARCODE AND RFID COMPATIBLE	STREAMLINED WORKFLOWS FOR BORROW, RETURN, AND ACCOUNT INFORMATION

FEATURES & BENEFITS

Increase the number of service points without increasing cost

Simple three-step set up: connect to Wi-Fi, sign in, download

Small footprint + wireless connectivity allows cloudCheck to be moved to suit demand

Streamlined workflow has you up and running in minutes

Supports sustainability: 95% lighter to transport + consumes 80% less energy than kiosks

MAXIMIZE YOUR IMPACT

Outstanding alone; stellar together

Every product in Bibliotheca's ecosystem is designed with unique capabilities that allow them to work together to solve libraries' most pressing problems.

cloudCheck tablet integrates with:

selfCheck portfolio
cloudCheck tablet is designed to work in harmony with the selfCheck line to offer libraries more flexibility and increase patron choice
